

GREENER PASTURES

Tim Larsen, spearheads the organization called *Greener Pastures*. His group recognized the need to take responsibility for the Standardbred horses who have retired from racing. Since its inception 2 years ago, *Greener Pastures* has adopted out over 100 retired Standardbreds. They will match you with a horse suitable to your personality and equestrian activity. The horses offered range in age from 2 years to 20. Most have raced and are now no longer competitive, usually due to age. Anyone wishing to adopt must pass strict qualifications and will be monitored to make sure that the welfare of the horse is always maintained in the proper manner. *Greener Pastures* has worked hard to make the lives of retired Standardbred brighter and happier and at the same time has given these horses a good and productive future. This award is for a person, business or product that improves the lives of horses and we cannot think of a better group to win this award.
