

## SHARON HALL

As a volunteer, Sharon Hall has not only been the backbone of the Western Canadian Reining Association, but has supported and promoted the sport of reining in BC and across Canada. The annual show that she manages for the WCRA has become the premier reining event in BC. From her home at Highcrest Farms Equestrian Centre in Aldergrove, she has become known and respected for her knowledge in the Canadian reining community and within the National Reining Horse Association in spite of being unable to ride herself because of chronic knee problems.
