

## Group Benefits Program for Horse Council BC - Business Members

As a valued **Business member** of Horse Council British Columbia (HCBC), you are now entitled to exclusive benefits at large group rates. Benefit plan premiums for employers with 1 to 20 employees are often difficult to keep at affordable levels. HCBC has teamed with **Ascension Benefits Inc.** to provide a group benefits solution that allows employers to be a part of a much larger, less volatile group. This means more predictable premiums year after year without compromising the level of benefits offered.

**For a free quote call Ascension Benefits at 604-530-4511 or 1-877-777-5552.**

Simply choose the benefits you would like from the options below and provide basic **company** information. Ascension Benefits Inc. can usually have a plan in place within a week. Ascension Benefits Inc. is also able to compare to an existing plan with often significant savings. Health care benefits start at \$43 for single coverage and \$120 for family coverage.
